

HPM IN-STOCK CATALOG

MILGARD®
WINDOWS and DOORS

Who is HPM Building Supply?

As a local company with humble origins, HPM has a long history of innovation, perseverance and progressiveness. Yet one thing hasn't changed over the past century — the commitment to provide customers with the best building materials and services.

We are proud to offer our customers a comprehensive line of high-quality vinyl windows and doors, stocked locally so they're available when you need them.

Why We Partner with Milgard?

Every Milgard vinyl window and door reflects the careful work of dedicated craftsmen using premium materials and precision processes. As a contractor and homeowner, you can expect many years of smooth, durable operation backed by an industry-leading warranty. Rigorously tested, Milgard windows and doors meet or exceed stringent industry standards.

Milgard V250 StyleLine® Series Vinyl Windows

Built to last, the V250 Style-Line Series offers slim frames and clean lines, providing quality vinyl windows at an affordable price. Featuring worry-free, corrosion-resistant construction, V250 vinyl windows require no painting. Milgard SunCoatMAX Low-E3 Glass comes standard.

Milgard V300 Trinsic™ Series Vinyl Sliding Patio Doors

Featuring sleek, narrow frames that maximize your view, V300 Trinsic Series sliding vinyl patio doors are the perfect complement to V250 vinyl windows. Unlike wood frames, V300 doors don't need to be repainted or maintained. Milgard SunCoatMAX Low-E3 Glass comes standard.

Milgard SunCoatMAX® Low-E3 Glass

Milgard SunCoatMAX Low-E3 Glass features an advanced solar control coating for superior energy efficiency. It reflects heat outdoors in summer and retains warmth in winter, maintaining comfortable indoor temperatures year-round. By blocking UV rays, SunCoatMax also helps to protect carpets and furniture from fading.

In-Stock Items

Note: Availability may vary by HPM location. If an item is not in stock at your preferred location, we can transfer it from another store; additional freight charges may be applicable depending on transfer location. For Kaua'i, all items require transfer. See a sales associate for details.
